Education

Open University

Feb 2020 - Sep 2023

BSc (Honours) Computing and IT - First-Class Honours

Employment History

Software Engineer

Trym (Startup)

Dec 2023 - Current

- Utilise React Native and React.js extensively to design, develop, and maintain robust and user-friendly mobile and web applications.
- Collaborate closely with stakeholders, designers and engineers to translate business requirements into technical specifications and implement innovative solutions.
- Contribute to the optimisation of the user experience by implementing responsive designs and enhancing performance across platforms.
- Actively participate in code reviews and provide constructive feedback to ensure code quality and maintainability.
- Play a key role in troubleshooting and resolving technical issues to ensure the platform's reliability.
- Stay updated with the latest technologies and industry trends to continuously improve development processes and deliver cutting-edge solutions.

Software Developer - Intern

Media Advancements

Jun 2021 - Jul 2021

- Engaged in TypeScript programming tasks, enhancing my proficiency in the language.
- Worked closely with back-end APIs, gaining insights into full-stack development processes.
- Assisted in database administration, learning essential skills in managing and querying databases.
- Conducted debugging activities, honing problem-solving skills and understanding software troubleshooting methodologies.
- Learnt the importance of adaptability and effective communication within a collaborative workspace, ensuring alignment with project objectives and customer requirements.

Summary

A dedicated software developer with a solid academic foundation and unwavering enthusiasm for acquiring new technological skills. Having achieved a first-class honors BSc in Computing and IT, I have cultivated a robust understanding of object-oriented programming, algorithms, data structures, and web technologies. My natural inclination for problem-solving is complemented by a successful track record in leadership, collaboration, and self-directed settings.
